

## ***Massachusetts:***

(H) A health care professional duly licensed or certified by the Department may possess and administer a vaccine for the prevention of a pandemic or novel influenza virus where or when the Commissioner determines that there are or will be insufficient health care professionals available for timely vaccine administration and issues an order authorizing such administration.

(1) To the extent authorized by 105 CMR 700.003(H), a health care professional duly licensed or certified by the Department may administer vaccine if:

(a) authorized to administer vaccine by order of the Commissioner; and  
(b) administration is in accordance with the Commissioner's order and the order or prescription of a duly registered practitioner authorized to issue an order or prescription for a vaccine pursuant to 105 CMR 700.000.

(2) In accordance with the Commissioner's order, a person administering vaccine shall:

(a) receive proper training and supervision in the administration of the vaccine;  
(b) comply with written protocols to ensure proper storage, handling and return of vaccine, record keeping regarding administration, response to adverse events, and safe and appropriate administration of vaccine

105 CMR 700.004(B)(7)

(7) A health care professional duly licensed and certified by the Department and authorized by 105 CMR 700.003(H) to possess and administer vaccine is exempt from registration for purposes of administering vaccine pursuant to 105 CMR 700.003(H).
