

Project Management

2009 CDC Project Management Summit

2009 CDC Project Management Summit

The first annual CDC Project Management Summit will be a full-day event open to all CDC employees and contractors who register by Wednesday, February 3, 2009. The Summit will be held on Friday, February 6, 2009 at the Global Communications Center on CDC's Roybal Campus. It will provide an opportunity for the CDC community to come together, learn about, and discuss important topics related to project management. The Summit will include plenary sessions, multiple speaker presentations, and concurrent sessions.

The focus of this years Summit is on the Department of Health and Human Services (HHS) Enterprise Performance Life Cycle (EPLC) Framework. Summit objectives include:

- Providing an overview of project management topics expected to affect CDC in 2009
- Discussing project management best practices and related policies, standards, and processes
- Reporting on Agency and Center Information Resources Governance activities
- Demonstrating how the CDC Unified Process can serve as a valuable tool and resource to program and project managers

Those attending will earn Professional Development Units (PDUs) required by the Project Management Institute (PMI) to obtain and maintain Project Management Professional (PMP) Credentials. This year's Summit agenda is outlined below.

For more information regarding the CDC's 2009 Project Management Summit, and to register, visit <http://www2.cdc.gov/cdcup/pmsummit/index.htm> or email pmsummit@cdc.gov. For more information about the CDC Unified Process please visit the CDC UP website at <http://www.cdc.gov/cdcup/>.

7:30AM – 8:30AM

Topic: Registration
Location: Lobby
