

CDC Childhood Lead Surveillance Meeting
 September 24- 26, 2002
 St. Petersburg, Florida

Who do you go to after the meeting for childhood lead surveillance and data related questions?

- 1) Our funded partners are always encouraged to go directly to their assigned Project Officers for any questions or help.
- 2) Each Childhood Lead Poisoning Prevention Program (CLPPP) has also been assigned by region one of our epidemiologists to help with general surveillance issues, and to assure that you have easy access to someone you know.
- 3) Our surveillance specialists are also knowledgeable about specialty areas, and you are welcome to contact the epidemiologist or staff member directly for subject specific questions.

• Topic	CDC Staff Member	Phone Number	Email Address
<ul style="list-style-type: none"> • CDC Data Release Guidelines • Electronic Lab Reporting • Guidelines for Lead Surveillance Systems 	Wendy Blumenthal	(404) 498-1422	WBlumenthal@cdc.gov
