

**CE Instructions for
WD4538: You are the Key to HPV Cancer Prevention–2022
(Credit expires 4/12/2024)**

To receive continuing education (CE)

In order to receive continuing education (CE) for WD4538 *You are the Key to HPV Cancer Prevention–2022*, please visit TCEO at www.cdc.gov/getCE and follow the 9 Simple Steps by 4/12/2024.

NOTE—You must pass the posttest at 80%. There are only 2 attempts allowed.

If you have any questions or problems, contact CDC/ATSDR Training and Continuing Education Online via email at ce@cdc.gov. You may also contact the CE Coordinator at NCIRD, Melissa Barnett at MBarnett2@cdc.gov

PROGRAM DESCRIPTION: HPV vaccination is cancer prevention. While most U.S. adolescents are starting the HPV vaccine series, less than half have finished the HPV vaccine series. Every year that adolescents aren't vaccinated is another year they are left unprotected against cancer-causing infections. A clinician recommendation plays a critical role in getting parents to accept HPV vaccination for their child. CDC is looking to you to make an effective recommendation for HPV vaccination for all your 11-12-year-old patients. This webinar is intended to support you in making effective recommendations and answering parents' questions. Provided in this presentation is up-to-date information on HPV infection/disease, HPV vaccine, and ways to successfully communicate with parents about HPV vaccination.

OBJECTIVES: At the conclusion of the session, the participant will be able to:

1. Describe the burden of HPV infection and disease in the United States.
2. Define the importance of HPV vaccination in cancer prevention.
3. Describe recommendations for HPV vaccination for adolescents and adults.
4. Describe the rationale for the routine HPV vaccination at age 11 or 12 years.
5. List two components of an effective HPV vaccine recommendation.
6. Identify relevant and compelling information to share with parents about HPV vaccine to help inform their decision to vaccinate their child.
7. Locate current immunization resources to increase knowledge of the team's role in program implementation for improved team performance.
8. Implement disease detection and prevention health care services (e.g., smoking cessation, weight reduction, diabetes screening, blood pressure screening, immunization services) to prevent health problems and maintain health.

FACULTY/CREDENTIALS:

Hannah Rosenblum, MD, EIS Officer, CDC/NCIRD
A.Patricia Wodj, Public Health Physician, CDC/NCIRD

ORIGINATION DATE: 4/12/2022

EXPIRATION DATE: 4/12/2024

URL: www.cdc.gov/vaccines/ed/hpv/default.htm

HARDWARE/SOFTWARE: Computer Hardware; Internet connection; Browser; **MATERIALS:** None

TARGET AUDIENCE: Administrators, CHES certified health educators, Physicians, Epidemiologists, LPNs, LVNs, Medical assistants, medical students, NPs, nurse technicians, other health educators, Pharmacists, PAs, program managers RNs

PREREQUISITES: Participants should have a basic educational background in science including general knowledge in the subject areas of biology, immunization, and vaccine-preventable diseases.

FORMAT: This course is Enduring material/Web on Demand.

ACCREDITATION STATEMENTS:

JOINTLY ACCREDITED PROVIDER™
INTERPROFESSIONAL CONTINUING EDUCATION

In support of improving patient care, The Centers for Disease Control and Prevention is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.

CME: The Centers for Disease Control and Prevention designates this Enduring activity for a maximum of 1 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

AAPA CME: The Centers for Disease Control and Prevention has been authorized by the American Academy of PAs (AAPA) to award AAPA Category 1 CME credit for activities planned in accordance with AAPA CME Criteria. This activity is designated for 1 AAPA Category 1 CME credits. Approval is valid until 4/12/2024. PAs should only claim credit commensurate with the extent of their participation

CNE: The Centers for Disease Control and Prevention designates this activity for 1 nursing contact hours.

CPE: The Centers for Disease Control and Prevention designated this knowledge-based event for pharmacists to receive .1 CEUs (1 contact hours) in pharmacy education. The Universal Activity Number is JA4008229-0000-22-034-H06-P.

Once credit is claimed, an unofficial statement of credit is immediately available on TCEOnline. Official credit will be uploaded within 60 days on the NABP/CPE Monitor.

CEU: The Centers for Disease Control and Prevention is authorized by IACET to offer 0.1 CEU's for this program.

CECH: Sponsored by the Centers for Disease Control and Prevention, a designated provider of continuing education contact hours (CECH) in health education by the National Commission for Health Education Credentialing, Inc. This program is designated for Certified Health Education Specialists (CHES®) and/or Master Certified Health Education Specialists (MCHES®) to receive up to 1 total Category I continuing education contact hours. Maximum advanced level continuing education contact hours available are 1. Continuing Competency credits available are 1. CDC provider number 98614.

For Certified Public Health Professionals (CPH)

The Centers for Disease Control and Prevention is a pre-approved provider of Certified in Public Health (CPH) recertification credits and is authorized to offer 1 CPH recertification credits for this program.
