

Healthcare Personnel Safety Component

Healthcare Personnel Vaccination Module Influenza Vaccination Summary

Outpatient Dialysis Facilities

September 10, 2015

Objectives

- ❑ **Provide an overview of the National Healthcare Safety Network (NHSN) and the Healthcare Personnel (HCP) Vaccination Module**
- ❑ **Review how to get started in the Healthcare Personnel Safety (HPS) Component**
- ❑ **Describe reporting requirements for the HCP Vaccination Module**
- ❑ **Review entering data for the HCP Vaccination Module**
 - HCP Safety Monthly Reporting Plan
 - HCP Influenza Vaccination Summary
- ❑ **Introduce data analysis features**

Overview of NHSN

Purposes of NHSN

- ❑ **NHSN is a secure, Internet-based surveillance system managed by the CDC's Division of Healthcare Quality Promotion (DHQP) that is used to:**
 - Collect data from a sample of healthcare facilities to permit valid estimations of the:
 - Magnitude of adverse events
 - Adherence to practices to prevent adverse events
 - Analyze and report collected data to permit recognition of trends
 - Provide facilities with data that can be used for inter-facility comparisons and local quality improvement activities

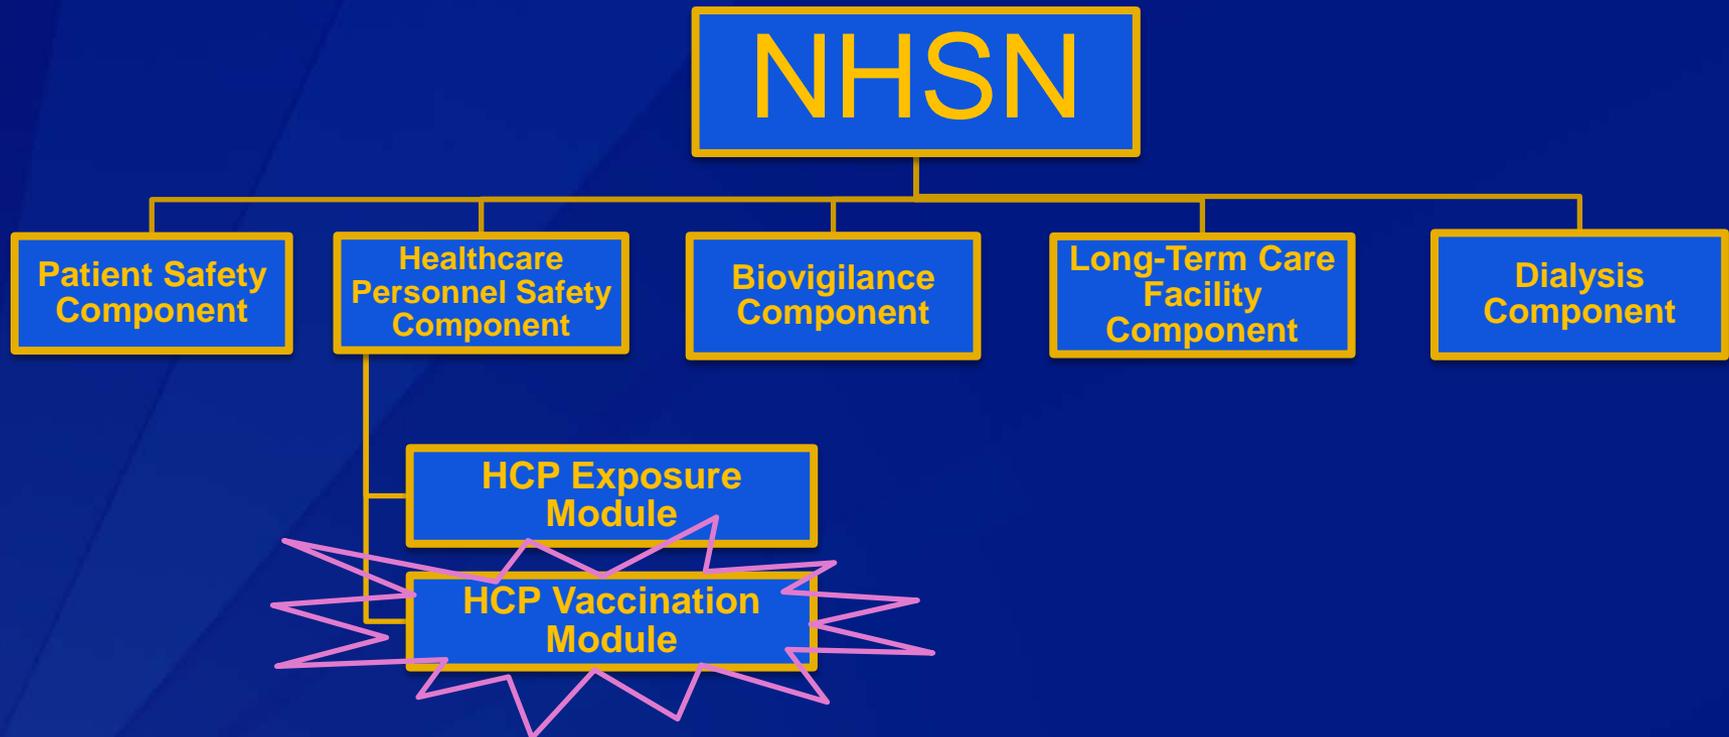

Purposes of NHSN (cont.)

- ❑ Enable healthcare facilities to report healthcare-associated infections (HAI) and prevention practice adherence data via NHSN to the U.S. Centers for Medicare and Medicaid Services (CMS) in fulfillment of CMS's quality measurement reporting requirements for those data
- ❑ A comprehensive list of purposes can be found on the Website: <http://www.cdc.gov/nhsn/>

Assurance of Confidentiality

- **“The voluntarily provided information obtained in this surveillance system that would permit identification of any individual or institution is collected with a guarantee that it will be held in strict confidence, will be used only for the purposes stated, and will not otherwise be disclosed or released without the consent of the individual, or the institution in accordance with Section 304, 306, and 308(d) of the Public Health Service Act (42 USC 242b, 242k, and 242m(d)).”**

NHSN Structure

Healthcare Personnel Safety Component

- **The HPS Component consists of two modules:**
 - **Healthcare Personnel (HCP) Exposure Module**
 - Blood/Body Fluid Exposure Only
 - Blood/Body Fluid Exposure with Exposure Management
 - Influenza Exposure Management
 - **HCP Vaccination Module**
 - Influenza Vaccination Summary
- **The Influenza Vaccination Summary within the HCP Vaccination Module is designed to assist staff in healthcare facilities to monitor influenza vaccination percentages among HCP**

Overview of the HCP Influenza Vaccination Summary

HCP Influenza Vaccination Summary

- ❑ **The HCP Vaccination Module allows NHSN users to report HCP influenza vaccination summary data**
- ❑ **HCP influenza vaccination summary data are designed to ensure that reported HCP influenza vaccination coverage is:**
 - Consistent over time within a single healthcare facility
 - Comparable across facilities
- ❑ **Improvements in tracking and reporting HCP vaccination status may allow for identification and targeting of unvaccinated HCP**

HCP Influenza Vaccination Summary

- ❑ **Data are collected on denominator and numerator categories**
 - Denominator categories:
 - HCP must be physically present in the facility for at least 1 working day between October 1 through March 31
 - Includes both full-time and part-time HCP
 - Employee HCP: Staff on facility payroll
 - Non-employee HCP: Licensed independent practitioners (physicians, advanced practice nurses, and physician assistants)
 - Non-employee HCP: Adult students/trainees and volunteers
 - Numerator categories:
 - Influenza vaccinations, medical contraindications, declinations, and unknown status
- ❑ **Facilities are required to report all numerator categories for the three denominator categories**

Getting Started in the HPS Component

Key Roles in NHSN

□ Facility Administrator

- The person enrolling the facility in NHSN
- Can activate additional components for a facility
- Has add/edit/delete rights to facility data, users, and users' access
- Has authority to nominate/join groups for data sharing
- Can re-assign the role of Facility Administrator to another user
- There is only one Facility Administrator per facility

□ Users

- Rights are determined by any user with administrative rights: view data, data entry, and data analysis
- May be given administrative rights

Getting Started in the HPS Component

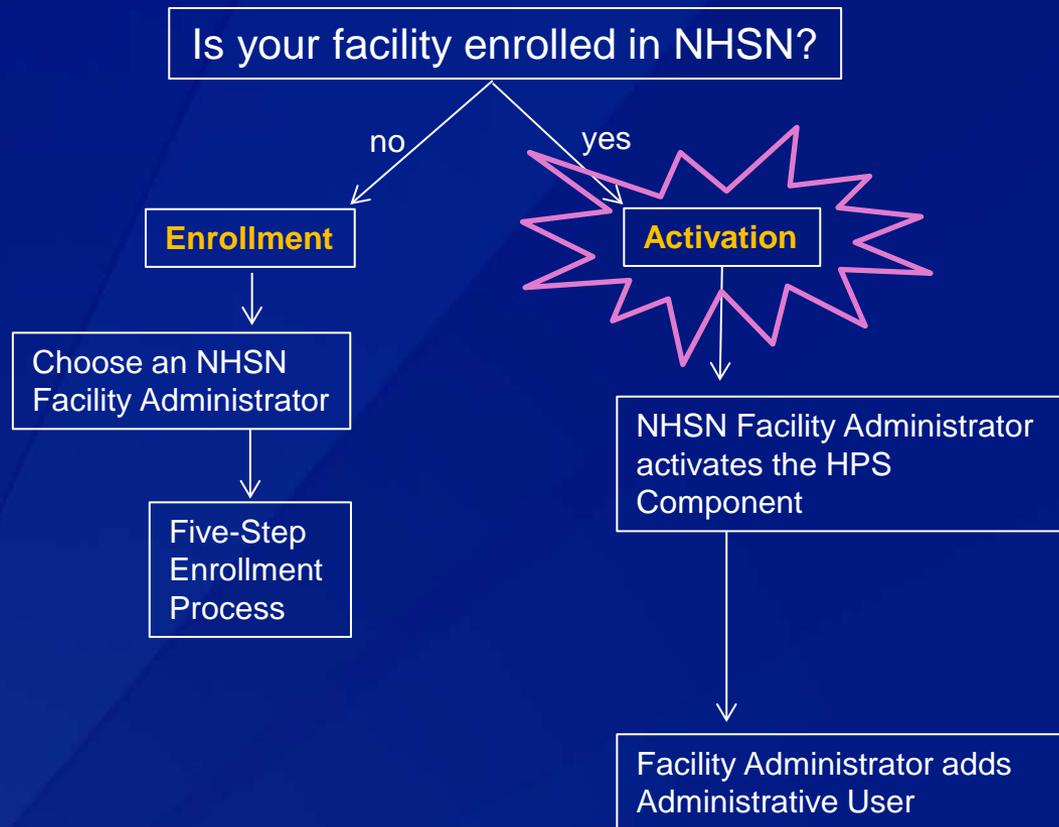

□ Enrolling in NHSN

- Facilities that are currently not participating in NHSN and wish to participate must enroll their facility in NHSN
 - Please visit <http://www.cdc.gov/nhsn/dialysis/enroll.html> for more information regarding the enrollment process
- During the enrollment process, dialysis facilities may choose to participate in the Dialysis Component and/or the HPS Component

□ Activating the HPS Component

- Facilities that are already enrolled in NHSN and wish to participate in the HPS Component must activate the component within NHSN

Getting Started in the HPS Component

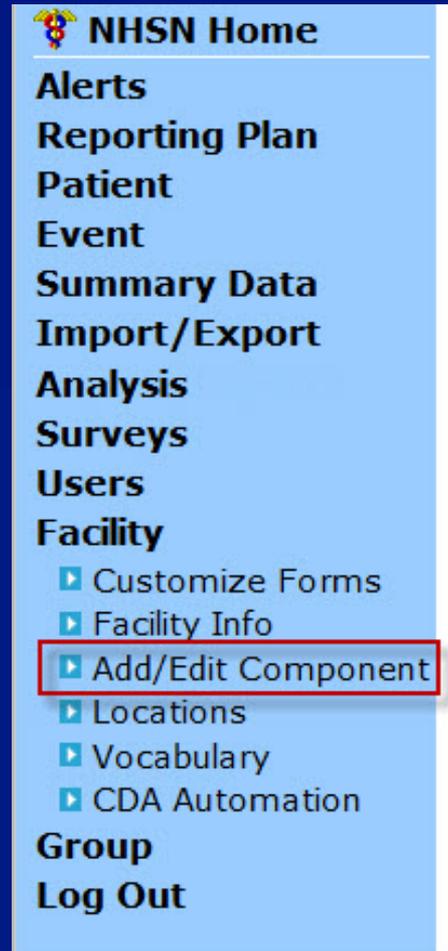

- ❑ **Are you unsure of your facility's status with NHSN?**
 - E-mail nhsn@cdc.gov

Activating the HPS Component

- ❑ Facility Administrator logs into the Secure Access Management Services (SAMS): <https://nhsn2.cdc.gov/nhsn/>
 - Click “NHSN Reporting”
- ❑ From the Home Page, click “Facility” then “Add/Edit Component”
 - Check box next to Healthcare Personnel Safety
- ❑ Facility Administrator adds HPS Component Primary Contact
 - Enter name, phone, e-mail, and address for person to be contacted if CDC/NHSN has updates or questions about the HPS Component

Activating the HPS Component

- ❑ **Facility Administrator adds HPS Component Primary Contact within the NHSN facility and then as a user**
 - Click “Users” on the navigation bar, then click “Add”
 - Complete “Add User” screen mandatory fields
 - User ID – created by the facility
 - First Name
 - Last Name
 - E-mail Address – Must be an active/correct address for the user
- ❑ **Other users are added by the Facility Administrator or new HPS Component Primary Contact**
- ❑ **Facility Administrator should ensure that at least one HPS Component user has administrative rights**

User Rights

- ❑ Any user with administrative rights can add users
- ❑ After saving the new user information, the “Edit User Rights” screen will appear
- ❑ Please be sure to confer the proper rights to users

NHSN - National Healthcare Safety Network (apt-v-nhsn-test:8081)

Logged into Pleasant Valley Hospital (ID 10312) as CVX9.
Facility Pleasant Valley Hospital (ID 10312) is following the HPS component.

Edit User Rights

New Users to NHSN

- ❑ **Receive an invitation to register with SAMS**
 - New users will automatically receive an invitation to SAMS after being added as a user to the facility
- ❑ **Complete and submit identity verification documents to CDC**
- ❑ **Access NHSN using SAMS credentials**

Information about the process can be found at:
<http://www.cdc.gov/nhsn/sams/about-sams.html>

Reporting Requirements for the HCP Influenza Vaccination Summary

HCP Influenza Vaccination Summary Protocol

- ❑ The protocol is a facility's guide to collecting and reporting Influenza Vaccination Summary data for the HCP Vaccination Module:

<http://www.cdc.gov/nhsn/PDFs/HPS-manual/vaccination/HPS-flu-vaccine-protocol.pdf>

- ❑ It outlines reporting requirements and specifications
 - Data collection forms
 - Denominator categories and notes
 - Numerator categories and notes
 - Data sources
 - Methodology
 - Calculations for data analyses in NHSN
 - Table of instructions
 - Key terms

Denominator Categories

- ❑ Employee HCP: Staff on facility payroll
- ❑ Non-Employee HCP: Licensed independent practitioners (physicians, advanced practice nurses, and physician assistants)
- ❑ Non-Employee HCP: Adult students/trainees and volunteers
- ❑ HCP must be physically present in the facility for at least 1 working day between October 1 through March 31

National Healthcare Safety Network					
Healthcare Personnel Influenza Vaccination Summary					
Page 1 of 2 *required for saving					
Record the number of healthcare personnel (HCP) for each category below for the influenza season being tracked.					
*Facility ID#:					
*Vaccination type: Influenza	*Influenza subtype ^a : <input type="checkbox"/> Seasonal	*Influenza Season ^b :		Date Last Modified: ___/___/___	
		Employee HCP	Non-Employee HCP		
		*Employees (staff on facility payroll)	*Licensed independent practitioners: Physicians, advanced practice nurses, & physician assistants	*Adult students/trainees & volunteers	Other Contract Personnel

Denominator Categories: Employee HCP

- **Employees (staff on facility payroll) [Required]**
 - Defined as all persons that receive a direct paycheck from the healthcare facility (i.e., on the facility's payroll), regardless of clinical responsibility or patient contact

Denominator Categories: Non-Employee HCP: Licensed Independent Practitioners

□ Licensed Independent Practitioners [Required]

- Defined as physicians (MD, DO); advanced practice nurses; and physician assistants only who are affiliated with the healthcare facility, but are not directly employed by it (i.e., they do not receive a paycheck from the facility), regardless of clinical responsibility or patient contact. Post-residency fellows are also included in this category.

Denominator Categories: Non-Employee HCP: Adult Students/Trainees and Volunteers

- **Adult students/trainees and volunteers [Required]**
 - Defined as adult students/trainees and volunteers: medical, nursing, or other health professional students, interns, medical residents, or volunteers aged 18 or older that are affiliated with the healthcare facility, but are not directly employed by it (i.e., they do not receive a paycheck from the facility), regardless of clinical responsibility or patient contact

Denominator Categories: Non-Employee HCP: Other Contract Personnel

□ Other contract personnel [Optional]

- Defined as persons providing care, treatment, or services at the facility through a contract
- There are several types of personnel who provide direct care and non-direct services. Examples include:
 - Occupational therapists
 - Admitting staff
 - Pharmacists
- Refer to Appendix A of the HCP Influenza Vaccination Summary Protocol for suggested list of contract personnel

<http://www.cdc.gov/nhsn/PDFs/HPS-manual/vaccination/12-Appendix-A.pdf>

Numerator Categories

- ❑ The numerator includes HCP who received an influenza vaccination during the time from when the vaccine became available (e.g., August or September) through March 31 of the following year
- ❑ Influenza vaccinations
 - Received at this healthcare facility or elsewhere
- ❑ Medical contraindications
- ❑ Declinations
- ❑ Unknown status

	Employee HCP	Non-Employee HCP
	*Employees (staff on facility payroll)	*Licensed independent practitioners: Physicians, advanced practice nurses, & physician assistants
1. Number of HCP who worked at this healthcare facility for at least 1 day between October 1 and March 31		
2. Number of HCP who received an influenza vaccination at this healthcare facility since influenza vaccine became available this season		
3. Number of HCP who provided a written report or documentation of influenza vaccination outside this healthcare facility since influenza vaccine became available this season		
4. Number of HCP who have a medical contraindication to the influenza vaccine		
5. Number of HCP who declined to receive the influenza vaccine		
6. Number of HCP with unknown vaccination status (or criteria not met for questions 2-5 above)		

Numerator Categories

- ❑ HCP who received an influenza vaccination at this healthcare facility since influenza vaccine became available this season
- ❑ HCP who provided a written report or documentation of influenza vaccination outside this healthcare facility since influenza vaccine became available this season
 - Acceptable forms of documentation include:
 - A signed statement or form, or an electronic form or e-mail from a healthcare worker (HCW) indicating when and where he/she received the influenza vaccine
 - A note, receipt, vaccination card, etc. from the outside vaccinating entity stating that the HCW received the influenza vaccine at that location
 - Verbal statements are not acceptable

Numerator Categories

□ HCP who have a medical contraindication to the influenza vaccine

- For this module, for inactivated influenza vaccine (IIV3 or IIV4), accepted contraindications include:
 - (1) severe allergic reaction (e.g., anaphylaxis) after a previous vaccine dose or to a vaccine component, including egg protein; or
 - (2) history of Guillain-Barré Syndrome within 6 weeks after a previous influenza vaccination.
- HCP who have a medical contraindication to live attenuated influenza vaccine (LAIV4) other than the medical contraindications listed above, should be offered IIV by their facility, if available
- Documentation is not required for reporting a medical contraindication (verbal statements are acceptable)

Numerator Categories

- **HCP who declined to receive the influenza vaccine**
 - Documentation is not required for reporting declinations (verbal statements are acceptable)

- **HCP with unknown vaccination status (or criteria not met for above-mentioned categories)**

Notes on Reporting Requirements

- ❑ Facilities are only required to report data once at the conclusion of reporting period (October 1 through March 31)
- ❑ HCP who are physically present in the facility for at least 1 working day between October 1 through March 31 are included in the denominator
- ❑ HCP in the denominator population who received an influenza vaccination during the time from when the vaccine became available through March 31 of the following year are counted as vaccinated

Notes on Reporting Requirements

- ❑ **The denominator categories are mutually exclusive. The numerator data are to be reported separately for each of the denominator categories.**
- ❑ **The numerator data are mutually exclusive. The sum of the numerator categories should be equal to the denominator for each HCP group.**

Entering Data for the HCP Influenza Vaccination Summary

Required and Optional Reporting Forms

- ❑ **After enrolling in NHSN and/or activating the HPS Component and adding users:**
 - Complete Required Forms
 - HCP Safety Monthly Reporting Plan
 - HCP Influenza Vaccination Summary Form
 - Complete Optional Form
 - Seasonal Survey on Influenza Vaccination Programs for HCP

Log into SAMS

- ❑ You can access the activity home page by clicking <https://nhsn2.cdc.gov/nhsn/>
- ❑ Enter your SAMS user name and password
- ❑ Enter SAMS grid card numbers

HCP Safety Monthly Reporting Plan Form

- ❑ Collects data on which modules and months the facility plans to participate
- ❑ Users should select “Influenza Vaccination Summary”
 - The plan is automatically updated with this information for the entire NHSN-defined influenza season (July 1 to June 30)
 - The user will not need to add any reporting plans after the initial monthly plan has been added for that influenza season.

The image shows a screenshot of the 'Healthcare Personnel Safety Monthly Reporting Plan' form. At the top left is the NHSN logo (National Healthcare Safety Network). At the top right, it says 'Form Approved OMB No. 0920-0666 Exp. Date: 10/31/2016 www.cdc.gov/nhsn'. The title 'Healthcare Personnel Safety Monthly Reporting Plan' is centered. Below the title, it says 'Page 1 of 1 *required for saving'. There are two input fields: 'Facility ID#: _____' and '*Month/Year: ____/____/____'. Below these is a checkbox: ' No NHSN Healthcare Personnel Safety Modules followed this month'. There are two sections with shaded headers: 'Healthcare Personnel Exposure Modules' and 'Healthcare Personnel Vaccination Module'. Under the Exposure Modules section, there are three checkboxes: ' Blood/Body Fluid Exposure Only', ' Blood/Body Fluid Exposure with Exposure Management', and ' Influenza Exposure Management'. Under the Vaccination Module section, there is one checkbox: ' Influenza Vaccination Summary'. At the bottom of the form, there is a large empty text area. At the very bottom, there is a small disclaimer: 'Assurance of Confidentiality: The voluntarily provided information obtained in this surveillance system that would permit identification of any individual or institution is collected with a guarantee that it will be held in strict confidence, will be used only for the purposes stated, and will not otherwise be disclosed or released without the consent of the individual, or the institution in accordance with Sections 304, 306 and 308(d) of the Public Health Service Act (42 USC 242b, 242c, and 242m(d)). Public reporting burden of this collection of information is estimated to average 10 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden to CDC, Reports Clearance Officer, 1600 Clifton Rd., MS D-74, Atlanta, GA 30333 ATTN: PRA (0920-0666). CDC 07-203, 7.0'

HCP Influenza Vaccination Summary Form

- ❑ **Collects summary influenza vaccination counts among HCP**
- ❑ **HCP influenza summary reporting in NHSN consists of a single data entry screen per influenza season**
- ❑ **Each time a user enters updated data for a particular influenza season:**
 - All previously entered data for that season will be overwritten
 - A new modified date will be auto-filled by the system

HCP Influenza Vaccination Summary Form

□ **NHSN data entry screen mirrors the HCP Influenza Vaccination Summary Form**

- Denominator (Question 1)
- Numerator (Questions 2-6)

	*Employees (staff on facility payroll)	*Licensed independent practitioners: Physicians, advanced practice nurses, & physician assistants	*Adult students/ trainees & volunteers	Other Contract Personnel
1. Number of HCP who worked at this healthcare facility for at least 1 day between October 1 and March 31				
2. Number of HCP who received an influenza vaccination at this healthcare facility since influenza vaccine became available this season				
3. Number of HCP who provided a written report or documentation of influenza vaccination outside this healthcare facility since influenza vaccine became available this season				
4. Number of HCP who have a medical contraindication to the influenza vaccine				
5. Number of HCP who declined to receive the influenza vaccine				
6. Number of HCP with unknown vaccination status (or criteria not met for questions 2-5 above)				

Table of Instructions

Data Fields	Instructions for Completion
Facility ID #	<i>Required.</i> The NHSN-assigned facility ID will be auto-entered.
Vaccination Type	<i>Required.</i> Influenza is the default and only current choice.
Influenza Subtype	<i>Required.</i> Seasonal is the default and only current choice.
Influenza Season	<i>Required.</i> Select the influenza season years for which data were collected (e.g., 2012/2013).
Date Last Modified	The Date Last Modified will be auto-entered and will indicate the date that these data were last changed by a user.
Employee HCP (staff on facility payroll)	<i>Required.</i> Defined as all persons that receive a direct paycheck from the healthcare facility (i.e., on the facility's payroll), regardless of clinical responsibility or patient contact.
Non-Employee HCP: Licensed independent	<i>Required.</i> Defined as physicians (MD, DO); advanced practice nurses; and physician

- The Table of Instructions outlines the instructions and definitions for each data field in the NHSN module

Saving HCP Influenza Vaccination Summary Data

- ❑ A message confirming that data were saved should appear at the top of the screen

NHSN - National Healthcare Safety Network (apt-v-nhsn-test:8081) | NHSN Home | My Info | Contact us | Help | Log Out

Logged into Pleasant Valley Hospital (ID 10312) as CVX9.
Facility Pleasant Valley Hospital (ID 10312) is following the HPS component.

View Influenza Vaccination Summary

✔ Save of Summary Data successful.

Mandatory fields marked with *

Record the cumulative number of healthcare personnel (HCP) for each category below for the influenza season being tracked.

Facility ID*: 10312 (Pleasant Valley Hospital)
Vaccination type*: Influenza
Influenza subtype*: Seasonal
Flu Season*: 2012/2013

Date Last Modified: 08/21/2012

	Employee HCP	Non-Employee HCP

Data Submission

- ❑ Facilities are only required to report data once for the entire reporting period (October 1 through March 31)
- ❑ Data must be entered into NHSN by May 15 in order to be transmitted to CMS
- ❑ Facilities can view the report of their data that will be sent to CMS
 - Visit <http://www.cdc.gov/nhsn/cms/index.html#hpiv> to access instructions on how to view data for CMS reporting programs

HCP Influenza Vaccination Summary Data Analysis: Summary Counts

orgID	summarySeason	summaryType	fluVaccSubtype	vaccType	empWorking	lipWorking	studVolWorking	conWorking	totWorkingNoCon	totWorkingWCon
10312	2011/2012	VACCSUMANN	SEASONAL	FLU	400	10	10	7	420	427
10312	2012/2013	VACCSUMANN	SEASONAL	FLU	25	50	50	20	125	145

- ❑ The summary count report presents totals for each variable and for each season
- ❑ The user can view the total number of employees, licensed independent practitioners, adult students/trainees and volunteers, and other contract personnel working during the required time period
 - This example shows that 400 employees worked during the required time period during the 2011/2012 influenza season
 - 25 employees worked during the required time period during the 2012/2013 influenza season
- ❑ Two overall totals are presented
 - One number includes the total number of HCP working without other contract personnel (e.g., 420 HCP for the 2011-2012 influenza season)
 - One number includes the total number of HCP working with other contract personnel (e.g., 427 HCP for the 2011-2012 influenza season)

The NHSN Website

Surveillance for Healthcare Personnel Vaccination

The Advisory Committee on Immunization Practices (ACIP) recommends that all healthcare personnel (HCP) and persons in training for healthcare professions should be vaccinated annually against influenza.[1] Persons who are infected with influenza virus, including those with subclinical infection, can transmit influenza virus to persons at higher risk for complications from influenza. Vaccination of HCP has been associated with reduced work absenteeism and with fewer deaths among nursing home patients and elderly hospitalized patients. Although annual vaccination is recommended for all HCP and is a high priority for reducing morbidity associated with influenza in healthcare settings, national survey data have demonstrated that vaccination coverage levels are only approximately 60% [2]. This is well below the Healthy People 2020 goal of 90% for HCP influenza vaccination [3].
